Black Beard Bar & Grill
Off Highway 60 Madelia MN
7:00 PM Start

October Halloween Chili Feed and Party

Thunder Valley Hog chapter Wins chili contest Again!

It was a clean sweep, 1st, 2nd, 3rd. We had members from the Duluth chapter, Faribault chapter and Albert Lea chapter participating this year.

Again, THANKS! to all ! Everyone had a good time and there was plenty of food. Thanks Mankato H.D. for donating door prizes and helping us out to make this a fun event. The costumes were an added bonus as well, thank you for participating in that also.

Ron Sack assistant director.

Riding season comes to slow down for the most of us in this part of the season. However there are those days when you just have to drop everything and take a quick ride.

The 2006 season has been fun and seemed to go by rather quickly. We typically start Riding in late April just after our open house and hog roast. Our planning starts at the beginning of the year and at these winter meetings is where we put together ideas for the next riding season. Most of all our rides and event ideas come from the chapter members. The chapter officers try to make it all happen. We as a chapter work hard to see that all members have a great and safe experience on the rides events. Our road captains do a great job and be sure to let them know from time to time. We all are all

volunteers and we all do the best we can. The riding season continues to build from May through the rest of the season. We do our civic duty twice a year that being the adopt-a-highway clean up but we also participate in several charitable events throughout the year. We also have a State Hog Rally. June 22, and 23rd 2007 it will be held in Duluth, MN.

We have several rides each month so that everyone can find something that fits their busy schedule. In addition to the chapter events, the Mankato Harley Davidson has several open houses events. Chapter members are on hand to help with that and to meet new members.

All in all, we want your HOG experience to be fun and to promote a safe and fun time while enjoying what we all love, RIDING.

Ron Sack
Assistant Director
